Summary

Experienced software and web developer with at least 6 years of experience designing, developing, testing, and supporting enterprise web applications. Skilled in building and maintaining full-stack web solutions, troubleshooting complex systems, and collaborating with cross-functional teams to implement technical solutions that meet business requirements. Experienced across the full software development lifecycle including requirements analysis, development, testing, and deployment.

Professional Experience

Sales Advisor/Retail Shift Lead
Best Buy – Gurnee, IL Apr. 2026 – Present

- Drive revenue growth through consultative sales, customer engagement, and value-added service offerings.
- Manage client-facing relations, serving as a trusted advisor to translate complex technology features into clear, value-driven business solutions for diverse customers.
- Utilize consultative sales strategies and client discovery to consistently exceed individual revenue targets and maximize average order value (AOV) by identifying cross-selling opportunities and high-value solution pairings.

Senior Software Developer
Consilio – Chicago, IL Dec. 2022 – Sep. 2025

- Managed multiple concurrent technical investigations and requests as Level 3 Support, prioritizing issues based on disruption to company processes.
- Supported and developed new features for Sightline – Consilio's proprietary web-based eDiscovery platform – including a more practical searching mechanism, which increased Sightline-use productivity by 10%.
- Participated in the full software lifecycle including requirements analysis, solution design, development, and testing.

Web Developer
Spinutech, LLC – Chicago, IL July 2021 – July 2022

- Worked in a fast-paced marketing setting, where tasks revolved around developing new features and improving existing ones in several clients' websites including implementing new forms and modals, hiding/unhiding specific components based on a set of criteria, etc.
- Cross-collaborated with Project Managers and clients to discuss software feature updates through self-lead project update meetings.
- Oversaw the implementation and maintenance of reCAPTCHA v3 to all forms in clients' websites, which averaged 3 forms per site in over 50 sites.

Web Developer
American Hotel Register Company – Vernon Hills, IL Apr. 2018 – Dec. 2018

- Assisted in the development and maintenance of American Hotel Register Company's e-commerce platform and collaborated with developers to produce and maintain optimal performance.
- Researched, investigated, and resolved user issues through support requests and system troubleshooting pertaining to API connection issues.
- Assisted and taught other web developers to use Postman to help diagnose systemic issues related to API requests.

Information Systems Specialist
ACS Group – New Berlin, WI Oct. 2015 – Mar. 2018

- Implemented a rule-based configuration system for 30+ products, enabling Sales and Engineering teams to generate precise quotes, reducing pricing errors by 40% and saving company revenue, all while improving and providing customer service and satisfaction.
- Researched, informed, worked with, and/or requested requirements from Sales, Engineering, and Production teams/departments to help develop and deliver software solutions.
- Provided training and technical support to salespeople and engineers for use of configuration systems within Microsoft Dynamics CRM.

Web Developer
Parker Hannifin Corporation – Lincolnshire, IL Oct. 2014 – Oct. 2015

- Built an ASP.NET webforms application, for a team of mechanical engineers, to serve as a front-end for a SQL Server database of various tools and parts pertaining to hydraulic cartridge valves.
- Resolved internal help desk tickets related to a wide array of IT issues; which included investigating and resolving software bugs, diagnosing connection issues, investigating failing peripherals, etc.

Education

Syracuse University – Syracuse, NY
M.S. in Computer Science, July 2019 – June 2021

Loyola University Chicago – Chicago, IL
B.S. in Computer Science, August 2012 – February 2015
